Subject: UKIA news: Latest irrigation water saving technologies June 23 book now its free.

The Irrigation Water Forum (IWF) is offering a tea time event on
Water saving in irrigation using new technologies

Wednesday 23 June 2021 from 16:00 to 17:30

Attendance is **FREE** but you will need to register

The presenter is **Dr Ragab Ragab** from the UK Centre for Ecology and Hydrology (CEH) at Wallingford.

Ragab was recently elected President of the International Commission on Irrigation and Drainage (ICID) - a long established organisation championing the importance of irrigation and drainage worldwide. There are over 80 country members including the UK. It is like the United Nations but we do not fight so much! It is great to see Ragab now leading ICID.

Ragab will review the latest water saving technologies
